DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mehul Jani on 07 April 2006.

The application has been amended as follows:

- The non-elected claims 11-14, 17-22, 25-30, 33-38, 41-46, 49, and 50 have been cancelled.

Allowable Subject Matter

2. Claims 1-4 and 7-10 are allowed.
3. The following is an examiner's statement of reasons for allowance: Claims 1-4 and 7-10 are allowable because of the apparatus with a shoe bracket having a plurality of teeth, a lock plate with a plurality of teeth, and a pin forcing the shoe bracket teeth to enmesh with the lock plate teeth. In the case of Hartmann et al., a locking system is disclosed but the locking system fails to disclose a rotating pin that forces the teeth of the shoe bracket against the teeth of the lock plate and the lock plate does not disclose a plurality of teeth. Hartmann et al.'s locking system has a shoe bracket with a plurality of grooves enmeshed with a plurality of grooves on the lock plate. None of the prior art cited discloses an apparatus that incorporates the use of a shoe bracket having a

plurality of teeth, a lock plate with a plurality of teeth, and a pin forcing the shoe bracket teeth to enmesh with the lock plate teeth to provide a plurality of discrete locking positions for the shoe bracket. Therefore, in view of what has been stated above, the claims are allowable over the art of record.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
